

KX-GOM1310-SMF

Gigabit Optical Module

Design and specifications are subject to change without notice. Pictures in the document are for reference only, and the actual product shall prevail.

- Single mode double fiber
- LC port
- 1310nm sending, and 1310nm receiving
- Transmission distance up to 20 km

Technical Specification

Hardware

Optical Fiber Type	Single mode double fiber 1000BASE-LX/LH SFP
Optical Port Type	LC
Speed	1 Gbps

Performance

Wavelength	1310 nm sending; 1310 nm receiving
Transmission Distance	20 km
Relative Humidity	5%–95%
Operating Temperature	–40 °C to +85 °C (–40 °F to 185 °F)
Storage Temperature	–40–85 °C
Max. Speed of Optical Port	1 Gbps
Product Dimensions	55.5 mm × 13.4 mm × 8.5 mm (2.19" × 0.53" × 0.33")
Luminous Power	–11.5 dBm to –3 dBm
Optical Sensitivity	–19.5 dBm
Digital Optical Monitoring	Yes

Dimensions (mm[inch])
